

## PROJECT FOCUS

To improve Caritas of Austin's ability to utilize program data to internally drive decision making and communicate with external stakeholders.

## DELIVERABLES

- Development of definitions for data points collected across all programs
- Refined programs data report with outcomes equations and new data definitions embedded within

Founded in 1964 with the belief that all people deserve to have their basic needs met, Caritas of Austin seeks to prevent and end homelessness for people in GreaterAustin. Caritas believes that when every person has a stable place to call home, they can realize their full potential and contribute to their community. It works to achieve this by ensuring that people have a safe home, access to healthy groceries, jobs that provide a reliable living wage, and educational opportunities to learn life skills.
