

PROJECT FOCUS

To identify and assess THI's reach as the state's public health institute at the local and state level within the healthcare, public health, and social services sectors.

DELIVERABLES

- Network survey to collect data on partner organizations' past, present, and future involvement with THI
- Network visualization depicting partner organizations' connections to THI and within its network
- Geographic maps plotting THI's presence across Texas and the U.S.

Texas Health Institute (THI) is an independent, non-profit, non-partisan public health institute in Texas with a mission to advance the health of all. It works across and within sectors to lead collaborative efforts and facilitate connections to foster systems that provide the opportunity for everyone to lead a healthy life.
