

PROJECT FOCUS

To increase the visibility of Connected Nation Texas' high-quality, broadband data sets and ensure they are accessible and usable to all stakeholders.

DELIVERABLES

- Interview protocol to better understand current use cases for Connected Nation data sets
- Summaries and transcripts from 3 interviews conducted with leaders/entities currently using Connected Nation data
- Draft report outlining use cases detailed during interviews conducted with Connected Nation data users

Texas Rural Funders is a coalition of funding organizations that believe the future of Texas depends on strong, successful rural communities. Its diverse network of funders brings attention and resources to rural Texas, leverages local assets for success, and addresses systemic challenges for impact no single organization could achieve alone.
