

PROJECT FOCUS

To create and administer a robust and meaningful pre-/post-program survey for pre-Kindergarten educators affiliated with the *STEAM from the Start* program.

DELIVERABLES

- Literature review on measurement techniques for Dual Generation and Early STEM/STEAM professional development programs
- *STEAM from the Start* program logic model
- Improved pre-program survey and newly-developed post-program survey
- Data visualizations using results from educator surveys and program successes/highlights

Thinkery is where Austin's children and their families come to enjoy play-based, inquiry-rich, hands-on learning experiences. It believes that innovative, play-based, STEAM (science, technology, engineering, arts, and math) learning experiences are a powerful way for children to develop problem solving skills, critical thinking, and curiosity about the world around them.
